

EMPLOYER SERVICES

Downtown Connects, a program of Central Atlanta Progress, works with Downtown employers and property managers to ease employee commutes. We offer the following services to help your company support clean commute options, such as transit, carpooling, biking, and walking, all while attracting and retaining talent. All services are **free** for Downtown employers and property managers.

TRANSIT PASS SALES

We offer a 20% discount for monthly MARTA Breeze Cards as well as market-rate transit passes for regional providers (CobbLinc, GCT, GRTA/XPRESS). Both you and your employees can earn additional savings if passes are offered on a pre-tax basis.

WORKSITE ANALYSIS

We can provide your company with customized transportation surveys, mapping analyses, and detailed reports about your office's accessibility. This worksite analysis can be used to further develop your company's transportation program and explore the best commute options for your staff.

FLEXWORK CONSULTING

Our nationally recognized FlexWork consultant can help develop telework, co-working, compressed work week, and alternate scheduling strategies for your company. This service is free to downtown employers.

COMMUTER INCENTIVES AND OUTREACH SERVICES

Our team can educate your employees about commute options and financial incentives for choosing a clean commute via Georgia Commute Options (GCO).

RELOCATION CONSULTING

For companies relocating to Downtown, we Downtown can develop specialized commute trip plans for their staff.
